Motto:

From Useless to usefulness

1.0 Introduction:

Our Foundational Belief

This report serves to elaborate on the core tenet of our Statement of Faith:

We believe in transformation from uselessness to usefulness through the renewal of our minds and being made new. This statement is not merely a slogan; it is a powerful summary of the gospel's practical effect on a believer's life. It speaks to the redemptive power of Jesus Christ to take what is broken, sinful, and without eternal purpose and remake it into something holy, functional, and instrumental for God's Kingdom.

Mission and Vision

To enable all men to worship and glorify as

one Body in Christ, Grace Gospel Church seeks to bring the Gospel to them, baptize and make them mature disciples of Jesus Christ, equip them to become effective witnesses in the world and caring ministers in the church, and train them for active participation in evangelism and world missions". This comprehensive mission statement guides the church's ministries and programs, shaping everything from Sunday worship services to community outreach initiatives. The church understands its mission as having both **local and global dimensions**, addressing the spiritual needs of the Webuye community while maintaining awareness of the broader missionary task of the global church. The mission is not merely about numerical growth but about developing **spiritually mature disciples** who can effectively

represent Christ in their various spheres of influence—families, workplaces, schools, and the broader community.

Vision for Impact

Beyond its formal mission statement, the church envisions a **transformed community** where the values of God's kingdom are evident in social relationships, economic practices, and cultural expressions. Their vision includes:

- Creating a welcoming space where people can have authentic encounters with Christ
- Helping individuals discover their spiritual gifts and use them for God's purposes
- Fostering life-giving community that supports members through various life challenges
- Serving as an agent of holistic

transformation in the Webuye area
